Hi Pam and Todd-

I just received a follow-up call from Senator Manchin about our response to the above-mentioned control. They need to know if we are pursuing an enforcement action if we are unable to do so because of the

bankruptcy and what we plan to do to rectify the problem (if anything). They were also inquiring about bankruptcy and if has been finalized or if the \$50,000 is all we will ever recoup.

They really are looking to see what our current and future involvement is and if there is anything we or anyone else can do to rectify the problem. Any questions please let me know.

Thanks!
